Status:	Normal If a vehicle does not have a status of rebuilt, salvage, non-repairable, or altered, it is considered to have a normal status. "Normal" is simply a term used for the purposes of vehicle registration. A normal status does not mean the vehicle has never been damaged or is in good mechanical condition. Vehicle status alone does not fully describe a vehicle's mechanical condition or damage history.
Vehicle Imported: (from outside B.C.)	NO
